

Shopping Center “Cactus Belle Etoile”, Luxembourg Bertrange

In the Hypermarket “Cactus Belle Etoile”, our company constructed in several steps challenging extensions and transformations of the shopping center. Extensions and transformations were difficult to realize because a great part of the work had to be done during the night when the shopping center was closed. The total surface of extensions was around 10'000 square meters. Construction period: 1995 to 1998.
